*** all casual bookings will incur a \$5 charge (CCS discount will apply to casual charges)**

In regards to the figures in the out-of-pocket columns, this is an **estimate** based on your entitled Childcare Subsidy (CCS) which can be found through Centrelink.

If you are new to the service, or have not attended care for 8 consecutive weeks, you will be required to notify the service of your upcoming attendance. The service will then process your Childcare Subsidy, which will then require you to agree to the CWA and confirm enrolment through the Centrelink app/website. If this process is not completed, the standard fee will be charged accordingly. All subsidy claims for previous weeks will need to be claimed directly through Centrelink, as the service is unable to ensure the successful backdating of CCS entitlements.

In regards to our cancellation policy, all permanent bookings require 2 weeks' notice to remove charges, whereas casual bookings require one weeks' notice. Please be mindful when creating a casual booking, as charges will not be removed unless the required notice period is received.

Please be aware that the government won't pay CCS for any absences **before** your child physically attends (starts at the service) or any absences **after the last day** your child physically attends care. This predominantly occurs when families cease care at the service. You'll need to pay full fees for these days. Please go to the Services Australia website for additional information.
